

Board of Park Commissioners Approval Form

Botanical Conservatory Fire System Replacement Project Approval Request

Scope of Work:

This project covers the replacement of an antiquated and imminently failing fire suppression system at the Botanical Conservatory. A functional fire suppression system is essential to the safe and successful operation of the Botanical Conservatory and is required to be open to the public. Servicing and parts are no longer available for the current Silent Knight system, as such, staff requested bids for non-proprietary fire suppression system replacement.

Simplex Security was the lowest of three responsive and responsible bidders with an estimated project cost of \$33,610 for bids reviewed on April 14, 2023.

Board Approval:

At this time, I would like to request approval for a contract with Simplex Security for \$33,610.00 to be paid from the Botanical Conservatory Williams Estate Trust.

The Fort Wayne Parks and Recreation and the Board of Park Commissioners, met to host their regularly scheduled monthly Board meeting on **May 4, 2023**, to approve the above-referenced project and contract, in the amount of **\$33,610.00**.

We, the Board of Park Commissioners, on the date stated, do ATTEST, sign the above-referenced and attached documents, and approve as presented.

Justin Shurley, President

Cory Miller, Vice President

Jenna Jauch, Commissioner

Richard Briley, Commissioner

Steve McDaniel, Director/Board Secretary

4/14/2023
