

WE'RE HIRING

The Fort Wayne Parks and Recreation Department is looking dependable, hardworking individuals to fill a variety of seasonal and summer positions. Are you the person we are looking for?

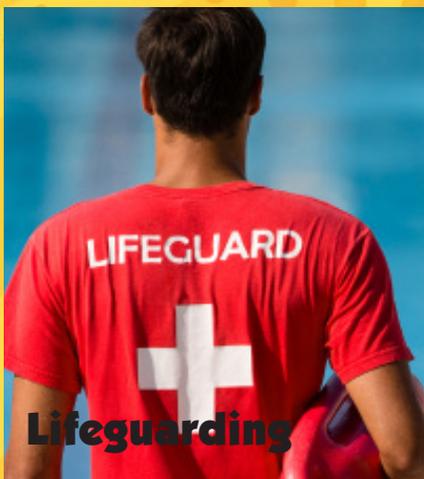

Helping maintain and improve the landscape gardens in our 87 parks is a great summer opportunity. Be a part of a diverse horticulture crew with opportunities to install and maintain annual and perennial displays, plant trees, prune shrubs, work in the greenhouse, and even help with show change in the Botanical Conservatory. If you like to work outside, enjoy landscaping, and would like to learn more about horticulture, this may be a position for you! Hours are 7-3 Mon-Fri.

Fort Wayne Parks and Recreation is responsible for the maintenance of nearly 75,000 trees located in our parks and along our right-of ways. Seasonal employees working with the Forestry Division will learn safe and proper tree care practices. Seasonal employees also receive training in First Aid, CPR, Blood Born Pathogens, Chipper/Chainsaw Safety, as well as monthly general safety 'tailgates'. This a great opportunity for anyone who has in interest in arboriculture or who enjoys working outdoors.

Do you like working with youth? Our Pre-school/Youth Program is looking for instructors for our summer youth soccer, t-ball, lob ball and basketball programs. Locations and hours vary. If you enjoy sports and being outdoors, we may have the job for you. Responsible 16-year olds may be considered for these positions.

Can you swim 100 yards, tread water for 2 minutes without the use of your hands, feet first surface dive for a 10 lb brick and bring it to the surface? If the answer is yes and you are at least 16 years of age, you can be a lifeguard at one of three city pools. Our guards work at least 35 hours a week and are committed to working the entire season. Training is provided. Apply today!
