The City of Fort Wayne Parks and Recreation will host the first Public Open House regarding the Franke Park Master Plan on November 8, 2018, from 5:00 – 8:00 pm at Franke Park Pavilion #1. This project will result in a comprehensive plan that will guide the park's development over the next decade and beyond.

Community involvement is central to the plan! How can we shape your ideas and concerns into aspirations for Franke Park? How do you think the park should grow and change? What is important to keep the same?

Sharing your ideas, feedback, and concerns will help ensure that Franke Park will continue to be a vibrant destination for Fort Wayne residents and visitors for years to come. Please join us!
