The City of Fort Wayne Parks and Recreation invites you to attend the second Franke Park Master Plan Public Open House on February 7, 2019 from 5:00 – 8:00 pm at Franke Park Pavilion #1. This project will result in a comprehensive plan that will guide the park's development over the next decade and beyond.

Community involvement is central to the plan! Please join us to view the plan alternatives created by the planning team, see how your input has been manifested in the design concepts, and give your feedback.
