

Salomon Farm Park's Flower & Vegetable Garden

The vegetable garden at the farm does not use any chemical fertilizers, insecticides or herbicides. Some of our vegetables are heirloom varieties that date back to the 1800s. During summer camp, the children help harvest the vegetables and prepare them for sale. All garden labor is done through volunteer work of our dedicated community members. Volunteers are paid with fellowship, flowers and vegetables.

Salomon Farm

The Fort Wayne Parks and Recreation Department entered the "farming business" in 1995 when Chris Salomon and his daughter, Lynn, presented the Department with a very generous gift -- the family farm. Located on the north side of Fort Wayne in an area of rapid development, the 170-acre park provides not only much needed green space, but a glimpse of life on the farm, as well. In keeping with the Salomon's wishes, the park remains a working farm. The park features demonstration plots utilizing farming methods popular in the 1930s. Period equipment is being obtained for authenticity. Small animals such as goats, sheep and chickens live on the farm during the summer months and heirloom vegetables and herbs are grown in the garden. Special events and programs such as the Fall Harvest Festival, the Fiber Arts Celebration, the Farmin' Fun summer day camp, and numerous workshops and classes provide opportunities for education as well as recreation and entertainment throughout the year.

Vendor inquiries should be directed to
Renee Sinacola at (260) 427-6005 or by

Salomon Farm Park

Farmers Market

Wednesdays, 4-7 pm • June 11-Sept 24

Welcome

to the Salomon Farm Park Farmers' Market!

You'll find locally grown fruits and vegetables, flowers, herbs and plants sold by the farmers that produce them, as well as maple syrup, honey, baked goods, and natural soaps and lotions. Some vendors offer heirloom variety fruits and vegetables you can't find anywhere else. Many of the vegetables are grown right here at Salomon Farm by the campers in our Farmin' Fun summer day camp. All vendors are local and follow organic practices.

While browsing the large selection of fresh produce, enjoy a cool refreshment from a local coffee/sweet shop along with free family entertainment. Children will find plenty to do while you shop, too, with goats to pet and lots of open space to explore.

Come visit us in the Old Barn on Wednesdays from 4:00-7:00 p.m. The market opens June 11 and runs through September 24.

Special Events

4:00-7:00 p.m.

Meet animals, listen to music or take a wagon ride (June and July)! All special events are free. David Paul Bell plays acoustic guitar the 2nd Wednesday of every month. Ragin' Cajun and Getaway Grill food trucks will be on site if you get hungry. "Like" Salomon Farm Park on Facebook for a special events schedule and market updates.

Why shop at Salomon Farm Park Farmers' Market?

- It supports the local economy. All produce is locally grown by vendors residing within 75 miles of Fort Wayne.
- You can meet the farmers that grow your food.
- There's higher nutritional content in fresh-picked produce.
- The prices are favorable to consumers and the money goes directly to the farmer.
- You can get new recipes and learn more about local food.
- It's a kid-friendly environment.
- You get the freshest, highest quality produce available.
- We offer organic produce and Community Supported Agriculture (CSA) subscriptions.
