Project: Golf Cart Purchase

Project Approval Request

Scope of Work:

The primary goal for purchasing fifteen (15) new golf carts is to continue the update our aging fleet. Also, to grow patron satisfaction and compete for market share. The remainder of the fleet that needs to be updated is between 15-16 years old. We also explored trading in our existing aged carts for cost savings but due to the age, the trade-in value was minimal. The additional carts can be used for outings, events, or as fill-ins when we would normally have to rent for such things.

These are considered "special purchase" under the City of Fort Wayne purchasing guidelines. Midwest Golf and Turf is the only single source provider of new Club Cars golf carts in the area and our goal is to maintain the same brand, look, and similar parts to our existing fleet of Club Cars. These conditions qualify this as a special purchase, and therefore a formal quote process was not required. Staff considered used fleets, but none were available at this time that matched our requirements.

Board Approval:

At this time, I would like to request approval for a contract with ***Midwest Golf and Turf*** at a total cost of \$88,200.00 with the funding to come out of the Golf Course Capital Accounts (428-R211, 428-R212, and 428-R213)

The Fort Wayne Parks and Recreation and the Board of Park Commissioners, met to host their regularly scheduled monthly Board meeting on **October 13, 2022**, to approve the above-referenced project and contract, in the amount of **\$88,200.00**.

We, the Board of Park Commissioners, on the date stated do ATTEST, sign to the above-referenced and attached documents, and approve as presented.
