

About Riverfront Fort Wayne

Riverfront Fort Wayne is many things: public parks, a visionary organization, a community movement. We exist to delight, energize and unite our community through moving experiences and extraordinary places.

We believe in our rivers and their ability to define and enrich our lives as year-round destinations. We hope you enjoy them as much as we do.

Trubble Riverside

Trubble Riverside Cafe & Tap is located in the Park Foundation Pavilion in Promenade Park and offers a variety of Trubble Brewing beers on tap, as well as other beverages. They also offer a selection of grab and go friendly menu items such as wraps, sandwiches, salads, soups and slushies made fresh in their scratch kitchen. More info at: www.trubblebrewing.com.

For current information about parking and a calendar of activities, visit RiverfrontFW.org.

Always Moving

Riverfront Fort Wayne is always moving.

That means even though we already have a lot to offer, our community is dreaming up bold plans to make our rivers even better.

After gathering research and public input, we've created detailed construction and engineering documents for multiple phases of development.

- + Notable Avian Species
Great Blue Heron, Mallards, Ring Billed Gull, Belted Kingfisher, Woodpeckers, Blue Jays, Chickadees, Starlings, Sparrows, Cardinals, Finches, Bald Eagles
- + Geomorphology
Fort Wayne sits on a continental drainage divide resulting from glacial activity thousands of years ago. The three rivers lead to Lake Erie, but waterways in southwest Allen County eventually lead to the Gulf of Mexico.
- You can find additional opportunities for birdwatching, stargazing, guided tours and more on our website.

See Fort Wayne from a whole new perspective — ON the rivers. We promise you'll be amazed and inspired.
